

Argentina-The Country

Argentina is a long narrow country in South America that reaches to the very south of the continent. It's neighbors are Chile, Bolivia, Paraguay, Brazil and Uruguay.

If you were to visit Argentina you would see amazing landscapes- tropical rainforests in the north, rugged mountains in the west, sunny beaches on the east coast, grassy, Pampa plains in the middle, and dry, rocky Patagonia in the south.

Draw the symbols to show the areas.

mountains

beaches

grassy plains

Patagonia

Argentina declared independence from Spain in 1816. Argentina's flag represents the sky. It has three bands, the top and bottom are light blue and the middle is white with a yellow "Sun of May in the Center".
