

Companion Synod Program

Caring Lutherans Sunday May 7, 2006

May 7, 2006 is Caring Lutherans Sunday, a time to reflect on the helping and healing ministries of Saskatchewan Lutherans.

IELU, our companion Lutheran Church in Argentina, also is active in healing ministries, supporting two Health Care Facilities - one addressing the needs of the elderly, and one the needs of those with HIV/AIDS.

Hogar de Ancianos “Juan M. Arbruster,” in the Buenos Aires suburb of Jose C. Paz, has operated for more than 60 years, providing bungalows and apartments for assisted living as well as an infirmary ward for those needing nursing care. There are about 75 residents in all, receiving 24-hour care, including all meals, in a secure environment of attractive buildings and grounds. Therapeutic Recreation and Music Therapy are available, and Spiritual Care is provided by Pastor Raoul Momblanch. More information on this seniors' home may be found at www.hogararmbruster.com.ar.

El Hostal Solidario, a half-way house in Buenos Aires for those with HIV/AIDS, is part of an active HIV/AIDS ministry coordinated by Pastor Lisandro Orlov. “Pastoral SIDA” offers education for prevention, pastoral action to accompany people with HIV/AIDS, distribution of publications discussing the world-wide church's ideas about HIV/AIDS, and resources to help pastors and congregations deal with issues of HIV/AIDS and the wider issues of sexuality. It is part of a strong ecumenical program. More information can be found at www.pastoralsida.com.ar.

In addition to the ministries described above, many IELU congregations are very involved in health-related ministries in their local communities.

Let us remember in our thoughts, gifts and prayers those who reach out to those in need at home and in Argentina.
