

Patagonia Passion Project

Time, talents, toonies, tools!

Come and join our companions, the Patagonia community of Esquel, Argentina as they work to finish the parsonage for Cross of the South congregation.

The Companion Synod committee is in the process of planning a 2 week work trip to help our mission partners in Esquel in April 2011. Look for more information in the coming months as we prepare to fundraise to complete the parsonage and work out the details of the trip.

Sergio Utz, Patagonian pastor writes: ***“The whole district is taking up this work in order to finish these properties which are potential resources for the whole mission in the Patagonia. With the help and the gifts of all those placed in the service of the Mission, the work is not only more efficient, but also more gratifying and is a testimony of the faith. You don’t know how much the dedication of the ELCIC reinforces and enthuses us.”***

More information to follow on our Sask Synod website:
